

Chalk drawings from Julian Beever. Scroll down slowly and stop at each new frame. Incredible!!!! Julian Beever is an English artist who's famous for his art on the pavement of England, France, Germany, USA, Australia and Belgium . Beever gives to his drawings an amazing 3D illusion.

People are actually avoiding walking in the "hole"

Which is the real guy & which beer is real?

The image below has been taken from a wrong angle:

**Remember, both his feet in reality are flat on the pavement**

*Politicians Meeting Their End*

*World's Biggest Fly-Spray*

This drawing of a **Rescue** was to be viewed using an inverting mirror

*girl on a beach mat.*

***Make Poverty History*** drawing from the side(40 ft long)

Spiderman to the rescue

***Batman and Robin*** to the rescue(SO COOL)
